**PRESIDENT'S REPORT  
 LION BARRY SIMMS**

*MERRY CHRISTMAS, FELLOW LIONS*

Our last dinner meeting saw a visit by the Lions Club of Pinjarra and guest speakers from The Halls Head Community Bank. The visitors and our members appreciated a very informative talk by Jenny Hammington and Denique Farrell. The topic was on phone and online scams which has affected a number of members financially. After a good meal the evening was topped off with a very humorous raffle run by the club jester Garry. Feedback provided by our visitors indicated a great time was had by all.

Christmas is now upon us with cake, pudding and raffle stands, Santa visits, sausage sizzles and other activities. All members who can find the time to help in the many activities would be greatly appreciated.

**Great News!!!!** An application for a Federal Grant, which was applied for by Lion Stephen Cannon mid year, to replace the refrigeration in the equipment shed and provide First Aid training, has been approved!!! Many thanks to Lion Stephen for his sterling effort in bringing this grant to fruition. Funds should be available shortly.

President Barry Simms

**CAMP QUOKKA T1D** Lions Club of District 201W2 has launched its campaign to raise funds for the running of the Lions Camp Quokka T1D Youth Camp for 15-18 year olds, which is scheduled to be held on **25th September to 1st October 2023 at Kudardup in the Shire of Leeuwin and Augusta** . There are more than 1 million children and young adults who are living with type 1 diabetes. Lions and Leos can help young adults living with diabetes by hosting a fun, and interactive camp.

Camp Quokka T1D will be designed to help enhance the quality of life for young people living with diabetes. This program hopes to foster relationships that will help participants expand their diabetes management skills and increase knowledge of the disease and to form great friendships with other campers. # **1ST VICE PRESIDENT'S REPORT LION PAUL CARROTTS**

As we didn't have a Christmas celebration this year, due to a very busy December, we will instead have a post Christmas celebration at our meeting on the 11<sup>th</sup> January, 2022.

It's nearing that time again where Members should consider nominating for club office positions for the coming year 2022 / 2023, so for a rewarding experience and If you haven't served on the Board before, give it a try you won't be disappointed.

## **IMPORTANT NOTICE**

The equipment trailer has a set of batteries and a charger to supply power to the Engel refrigerators.

When the trailer is housed in the shed an extension lead is fed into the trailer to recharge these batteries.

The lead runs over sharp iron edges causing damage to the lead and causing a very high potential risk of electrocution to the users.

To eliminate the potential risk, a caravan power inlet plug has been installed at the front of the trailer and a power outlet installed inside the trailer. **See photo right.**

In future, when removing or returning the trailer please use the caravan inlet plug and lead provided.

A power outlet is to be installed above the trailer in the very near future to eliminate the use of an extension lead being run from other power outlets.

A second power outlet is also to be installed to provide power to the refrigerators. This will eliminate extension leads and power boards currently used.

These works have been identified as fire and safety risks and are necessary to ensure we work in a healthy and safe environment.

President Barry Simms

**Denique Farrell** then spoke on the topic of protecting yourself against scams where people from all walks of life are subject to these scams. The scammers are persistent in the chase to get your money and operate in a wide variety of platforms. Victims of scams should immediately report the matter to your financial institution and the police.

**Golden rule if in doubt about something don't open it. Delete immediately.**

**Vote of Thanks** was then given by PDG Garry Irvine to both Jenny and Denique for their informative talks and asked the club to show their appreciation in the usual manner.

# Rotary Golf Day

## Mandurah Country Club *IPP Lion John Osborne*

The Lions Club of Mandurah once again provided a sausage sizzle for the Rotary Districts Club's golf day at the MANDURAH Country Club, Rotary supplied the sausages and buns, we supply the rest.

The day commenced with Lion Des and myself slicing up 6 kilos of onions and President Barry loading the BBQ trailer with the necessary equipment. By 9.30 am we were onsite and setting up for an 11.00am start. Serving commenced with a rush at 11.15 and finished at 12.00.

Lion Dick attended to the cooking of the onions, Lion Dave looked after the sausages, I prepared the buns and trays and Lion Des dispensed the sausages and onions with good humour and occasional advice. Thanks to all Lions involved, that contributed to the success of this project.

**Left:** Lions Des McLean, Dick Ingle and David O'Leary, cook's extraordinaire, what a beautiful outlook they had at the Mandurah Country Club. Lion John Osborne was the photographer and reporter.

## 75 Years of Lions Australia - 'Always' Campaign.

When looking for a way to commemorate **75 years of Lions Australia** and define all that we stand for, the word we kept returning to was **'Always'**.

Where there is a need, there is **ALWAYS** a Lion.

This campaign message supplements our ongoing motto **"We serve"** that represents the reason why we belong to Lions.

In the lead up to our anniversary, our **'Always'** campaign goes hand in hand with our Commemorative Garden Project - planting **75** gardens across Australia before September 2022.

This presents a perfect opportunity for clubs to get out and about in their communities and promote our achievements.

Let's celebrate **75** years and counting of Australian Lions **ALWAYS** being there.

# Have a Laugh 😄

A teenage boy had just passed his driving test and inquired of his father as to when they could discuss his use of the car.

His father said he'd make a deal with his son: 'You bring your grades up from a C to a B average, study your Bible, and get your hair cut then we'll talk about the car.' The boy thought about that for a moment, decided he'd settle for the offer, and they agreed on it.

After about six weeks his father said, 'Son, you've brought your grades up and I've observed that you have been studying your Bible, but I'm disappointed you haven't had your hair cut.

The boy said, 'You know, Dad, I've been thinking about that, and I've noticed in my studies of the Bible that Samson had long hair, John the Baptist had long hair, Moses had long hair and there's even strong evidence that Jesus had long hair.'

You're going to love the Dad's reply:

Did you also notice that they all walked everywhere they went?'

A woman was standing next to the bed of her husband, who was terminally ill and had been bed bound for several weeks. Standing around the bed with her were her six sons, all tall, muscular fellas except for the youngest one, who was shorter than average, very skinny and prone to regular bouts of illness. The old man looked to be on death's door, and he beckoned his wife closer to him. "Darling" he said in a hoarse voice, struggling to speak as his breathing became shallower "There's something I've always wanted to know but have felt uncomfortable about asking." What is it, honey?" asks his wife.

It's about Joey" replies the old man, pointing to the skinny son at the end of the bed. "The others are strong and tall, but not Joey, is he really my biological son?, please just tell me the truth, don't lie to me"

Yes, of course he is" replies his wife, looking her husband straight in the eye. "I can truthfully say that you are his biological father."

And with that a look of peace crossed the old man's face, and he took his last breath and passed away. As the others started to file out of the room the old man's wife whispered under her breath "Thank God he didn't ask me about the other five!"

"That's the only letter you received in the mail. Kids no longer write letters. They email or text."

## THE Mandurah XYY Syndrome, Club Branch of the Lions Club of Mandurah

Amber Gilkes, Chairperson, seen below at Lakelands Shopping Centre, selling Lions Christmas cakes. They also had various raffles of decorated Christmas cakes see right.

Well done Amber and her members on a terrific looking display and a successful few days selling cakes and promoting awareness about XYY Syndrome

**XYY Syndrome** is a rare Chromosome condition that affects 1 in 850 males. It occurs when a male has an extra copy of the Y chromosome in each of their cells (47XYY). Generally, we have 46 chromosomes whereas males with this Syndrome have 47. Whilst a genetic condition cannot be cured, those diagnosed with XYY Syndrome can live a happy healthy life with the right type of support from specialists, family, friends and Community.
